

FAQ:

Who the hell is Bugs Bunny?

You should know him! But in case you don't: Bugs is an anthropomorphic gray and white rabbit or hare who is characterized by his flippant, insouciant personality. He is also characterized by a Brooklyn accent, his portrayal as a trickster and his catchphrase "Eh...What's up, doc?".

How do I buy?

You can buy the token during the Presale in a discount with ETH or USDT! On the website you find a "How to buy Bugs Bunny (\$BUGS)" sections which guides you to by the token step by step. After the Presale ends you will be able to claim your tokens on the official website and trade \$BUGS on a variety of different crypto exchanges.

But why \$BUGS?

\$BUGS is all about the community! The team plans to engage as much as possible in new ideas and implementations to expand the project in all directions. By holding \$BUGS you embark on an exciting and adventurous journey with goals and achievements. Together we will conquer the Memecoin World!

How many bunnies will I be able to buy?

Why on gods green earth did you click on this question? Anyways: \$BUGS Thanks to the precisely calculated tokenomics and experienced research of the crypto industry aims to make as much gains as possible! Especially presale investors will benefit from the discount! \$BUGS may be the next PEPE or DOGE, do not miss this opportunity! Therefore we suggest you build a zoo.

When can I trade \$BUGS?

As soon as the last presale phase ends you will be able to trade \$BUGS on Uniswap. We plan to list \$BUGS on different exchanges in the future.

How can I stay up-to-date?

On Twitter, Telegram and other social medias, we will post everything you need to know as soon as possible!
